DURATIONS

TODAY* TOMORROW* FOREVER

Established In 1995, Durations Vinyl Fencing has been manufacturing and fabricating high quality vinyl fences and vinyl railings for wholesale and retail markets. We use only the best raw vinyl materials available on the market and have for over 22 years.

At Durations, we specialize in Vinyl Fencing, Railing, Decking, Patio Covers, Pergolas and Columns. Since no two properties are alike, we can individually customize and fabricate vinyl projects for each client.

TRUST DURATIONS FOR THE PERFORMANCE YOU NEED AND THE SIMPLICITY YOU WANT.

Performance

No more maintenance! No more costly scraping and painting! No more replacement of worn out fence material that has seen a better day. That is what you get with Durations Vinyl Fencing.

High quality standards such as, 10 parts per 100 Titanium Dioxide, which wards off harmful UV rays that can weaken lesser materials, is a mandatory requirement.

Added impact modifiers increase the strength and integrity of Durations products, making them stronger, sturdier and more durable for kids, pets and livestock.

Your Durations Vinyl Fence will maintain its color, gloss and strength through sun, rain and snow without the investment of pain, stain and labor. Light cleaning is the only maintenance you will do for many many years!

Quality Control

Durations Vinyl Fencing protects your investment with not - 1 - but - 4 - quality control checks before it leaves our factory, assuring you that every piece meets its specifications. Our manufacturing facility uses computer routers accurate within 1/1000th of an inch. Parts are made the same every time, all time.

Warranty

Durations Vinyl Fencing is confident in both our raw products and in our manufacturing expertise that we offer you a limited lifetime warranty.

American Made

All of Durations Vinyl Fencing materials are made here in the U.S.A. We employ only U.S. citizens in all of our manufacturing and distribution locations.

Elegant post caps and custom details add the perfect finishing touch.

The patented Rail-Lock connection system which enhances the strength and security of your fence structure, is an option available for an additional charge.

Rail reinforcement for added strength.

VINYL FENCE ADVANTAGES

Reliability. Vinyl fences are typically much stronger than wood which makes for a more reliable and long lasting solution.

Durability. Vinyl fencing is suitable for any kind of weather conditions, it is resistible to very hot sunny weather and its color doesn't fade. There is no fear of these fences rusting, rotting, or getting decomposed, like other materials.

Low Maintenance. The maintenance required in vinyl fences is next to nothing. Just some general cleaning with soap and water is sufficient to keep your vinyl fence clean.

Long lasting. Vinyl fencing, unlike wood, has no danger of decomposing, rotting or rusting as many of the traditional materials do.

Environmentally friendly. Vinyl fences are absolutely non-toxic, compared to other fencing materials.

Picket Connection Clip

Using the picket gives the fence the capability to rack on sever slopes. Competitors glued panel will not rack or slope and creates large gaps that pets can escape from.

The look gives the appearance of the old "Tom Sawyer Farm House" style picket fence.

It allows the picket to extend below the bottom rail, which brings the fence closer to the ground.

HI-PERFORMANCE GATE HARDWARE

MagnaLatch Series 3 - Vertical Pull

The Vertical Pull model uses the same revolutionary technology as the MagnaLatch Top Pull but in a smaller, more compact design.

MagnaLatch Series 3 includes a new visible lock indicator, 6-pin re-keyable security lock, vertical & horizontal alignment indicators, and much more. It's been tested to 2 million cycles and it's 50% stronger than before.

#1 in the world, safety gate latch for pools and child safety areas

Reliable latching action • Highly child-resistant • Adapts to all gates • Magnetically triggered (no jamming or sticking)
Key Lockable • Quick & easy install

LokkLatch (Residential Grade)

Key-lockable, general purpose gate latch for all square post materials

- Strong & 100% rust proof
- No need for padlocks
- Fits all gate materials
- Quick & easy install

LokkLatch Deluxe

The ultimate, dual-lockable gravity latch

- Reliable patented magnetic latching action
- Operates & locks from both sides of the gate
- Re-keyable, 6-pin security locks
- Strong & 100% rust proof
- Fully adjustable
- Quick & easy install
- One model fits all square posts and gate frames

TCA3S3BT

Self-closing (tension adjustable) hinge for mid-weight vinyl and wood gates homes and gardens.

TCHD2L1SS3BT

Self-closing (tension adjustable) hinge for heavier or high-traffic vinyl and wood gates.

VINYL RAILING SYSTEMS

Welcome Home

What does the outside of your home say to you - and your guests? Is it inviting, welcoming you inside? With elegant Durations railings, it will be.

Durations railing systems offer a wealth of benefits to make your life easier, while setting just the right tone for your home's exterior. Whether you're looking for something traditional or more contemporary, we have the style for you.

Built for Life

Our railings are constructed to handle daily wear-and-tear for years to come. From the sun beating down to the wind blowing through, to guests taking seats for a chat, you'll have no worries.

Metal reinforcements enhance the durability of the railing and help ensure compliance with construction codes. Durations railings feature aluminum L-channel, 12-gauge or 16-gauge L-channel galvanized steel reinforcements; availability varies by style.

- Section widths are available in 6', 8' and custom lengths
- Stair sections available for all styles in 6' and 8' lengths
- Railing systems come standard as bracketed (routed option available)

Carefree Maintenance

These days, it seems everyone is looking for ways to simplify their lives. Our railing systems can help, because there's virtually no maintenance required. Just spray with a hose to whisk away dirt, and you're done. There's no staining, painting or sealing required. So your time is truly yours, to enjoy however you'd like.

Caps

Elegant post caps add character and style

Steadfast Durability

A sturdy, smartly designed connection system - complete with fitted mounts or a routed system for a seamless appearance - makes installation simple, while adding strength to your railing system as a whole. Because there are no exposed fasteners, you won't have to deal with rusting or weakening of railing joints.

Skirts

Post skirts give a finished appearance

Lasting Beauty

Rain. Snow. Heat. Humidity. Whatever your climate brings, our railings will handle it with ease. UV protection keeps colors looking rich and consistent, while our resilient, 100% vinyl construction will handle it with ease. UV protection keeps colors looking rich and consistent, while our resilient, 100% vinyl construction resists water absorption and warping. As a result, your railings will maintain their original strength and beauty for years to come. To give you that assurance, we've backed them with a **Limited Lifetime Warranty**.

Adjustable Post Cladding

Easily cover existing post on front porch or as deck support posts. Four adjustable corners, used with four flats of different size allow you to clad a 4x4, 6x6, or 8x8 posts. Caps and Skirts available to create a finished look.

Sleeve Lumber & Wall Mounts

Lets you add our carefree vinyl railings by sliding our posts over existing 4" x 4" lumber.

Deck Mount

Steel bracket made to easily attach to a wooden substructure with our routed post system.

Surface Mount

Designed to mount railings directly to concrete and other solid surfaces.

CUSTOM DESIGN

CUSTOM BUILT

LOW MAINTENANCE

VINYL PERGOLA

Durations fabricates our vinyl pergolas at our local production facility using high quality American made vinyl products. Designed to be placed on a deck, patio, or freestanding in your outdoor space, Durations pergolas are an easy and affordable way to make a big statement.

Durations has many different size options and styles, so you can make it large enough to accommodate dining areas, living spaces, quiet retreats or even a hot tub! You can choose from our pergola kits or have it custom designed to fit any outdoor living space.

SHADE STRUCTURES

Durations has been designing and delivering American made Shade Structures for over 15 years. Our shade structures stay looking new for a lifetime, so you'll never have to worry about spending money and hours of backbreaking work to scrape, paint and repair your shade structure. We guarantee they won't fade or yellow and have been field proven to maintain their color.
